

# One element of the advisory board

---

A part of the orchestra: Dr. Nirmala krishnan

“Pre-COVID era of education was knowledge-driven  
The new Post-COVID era of education will be of ‘applied knowledge’

IREU’s Real Estate Education is being designed by blending  
‘applied knowledge’ and ‘humanistic approach’  
to internalise the learning experience of students.”

– Dr. Nirmala Krishnan

# Dr. Nirmala Krishnan

---

PR and Brand building strategist  
Education Consultant for projects in  
Australia, Malaysia and India

Dr. Nirmala Krishnan comes on board with 25 years of experience with the right blend of corporate and education. In her last assignment as Country head in education, she was heading 300 plus CSR schools and 10 plus private schools. Her experience in the higher education sector includes heading the administration of a Pharmacy College and addressing the strategic needs of various colleges in India.

Her expertise in Design Thinking is acquired from MIT SLOAN School of Management, USA; Educational Leadership from National Institute of Education, Singapore and Education Management from IIM, Ahmedabad that will be a great value add for IREU's Real Estate Education venture.

Adorned with two National awards for her contribution to education practices she is here to contribute along with other experts on board.
